Jim - yes, we can cut the number of March 20th submittals down considerably. So far only EPA (me/Kristine/Elizabeth Allen), DEQ (Jim Anderson) and Grand Ronde Tribe will need the March 20th submittal. If you could send 6 extra copies that should cover our contractors and any late requests.

Also - one update to the previous list - Rob Neely (NOAA) is OK with a CD copy of the March 30th submittal (shown as hard copy on the list I sent earlier)

thanks
Chip

Thanks Chip. One more administrative question: how many electronic copies (CDs) do you need for the March 20th submittal? Is it the same as the March 30th list you provided a few minutes ago? I was thinking it might be a reduced number since it is likely that many members of your expanded team will not start reviewing the draft FS until the March 30th version comes out.

What do you think?

Jen - one more thing. I think the LWG already has this information, but wanted to provide the web posting prep instructions for the March 30 delivery.

thanks
Chip

Jen

Here's an updated distribution list for the draft FS report. I haven't heard back from a couple of the tribal reps so I left their info the same as the RI report, but this should be pretty close. I will update this if I hear anything different tomorrow.

Also, for EPA the CD copies for Rene Fuentes, Burt Shephard, and Joe Goulet can all be sent to Elizabeth Allen. They will be sharing the one hard copy that is going to Elizabeth.

thanks
Chip
